2nd ESFRI RIs - EOSC Workshop

Research Infrastructures shaping EOSC

Present & Future

6 & 7 October 2020

▶ ONLINE EVENT ◀

- Need to address research needs came out very strongly – SRIA to focus on research priorities (not policing/metrics) and offer a sense of convenience
- Concerns about having to be in Association to have voice – need a very strong stakeholder forum with user inclusion, perhaps via mediators
- Very different levels of readiness – don't focus on leading groups, support all
- Balance of investments – redirection of funding to where rubber hits road
- Missing activities – support code & workflows
