

2nd ESFRI RIs - EOSC Workshop

Research Infrastructures shaping EOSC

Present & Future

6 & 7 October 2020

▶ ONLINE EVENT ◀

Break out Session 1

Title: EOSC Strategic Research and Innovation agenda

- Vision for the future is missing. Needs to be developed in collaboration with RIs. This may impact the priorities
- Need clarity on the assets that will be available through EOSC
- Need to understand what is expected from RIs
- Take advantage of IT expertise in RIs to underpin interoperability
- Significant preparations for EOSC being made and shared across community, particularly across consortia (standardization of protocols, data management plans, certification, sequencing)
- Mechanisms for continued exchange of experience as SRIA and EOSC become reality
- ESFRIs role
